Bônus 1 · Guia “Leia como se Fala”

A pronúncia escrita em português de todas as perguntas e respostas do guia principal.

Leia em voz alta, mesmo sem saber inglês.

Para que serve

Você tem as frases, mas trava na hora de falar? Aqui cada frase em inglês vem com **como ela soa**, escrita do jeito que um brasileiro lê. Combine com os áudios do guia principal: ouça, leia a pronúncia e repita.

Como ler (legenda rápida)

- **MAIÚSCULAS** = a sílaba mais forte. Exemplo: PÉS-pórt.
- **rr** = o “H” do inglês: um sopro de ar, nunca mudo. Exemplo: rrír (here).
- **dh** = o “TH” de the, with: ponha a ponta da língua entre os dentes e solte som (dhê).
- **th** = o “TH” de thirteenth, thousand: igual, mas só com ar, sem som (THÁU-zênd).
- **r** no meio e no fim = “r” suave, sem vibrar a língua (SIS-tér).
- **ê, â** = sons neutros, curtos e relaxados.
- **ái, êi, ôu, iú** = ditongos: ái (my), êi (day), ôu (go), iú (you).
- Não precisa ficar perfeito. O oficial entende frases simples e faladas devagar.

3 dicas para soar melhor em 5 minutos

1. **Fale devagar.** Pronúncia média e devagar vale mais que pronúncia boa e correndo.
2. **Forte e fraco.** Estique a sílaba em MAIÚSCULA e “engula” as outras.
3. **Termine a palavra.** Dizer o “s” de days, nights, bags faz diferença.
